

Last Week:

We had another wonderful week in Kindergarten. WE started our JumpMath books and practiced counting forwards and backwards from 0 to 5 using our voices and our fingers. The workbook focused on counting out 1-3 items and recognizing the numerals 1-3. We learned the parts of an apple and did a cut and glue activity showing our ability to follow directions and our understanding of the parts of an apple. The vocabulary we used were: stem, leaf, core, flesh, seeds and skin.

This Week:

This week we will continue working in our JumpMath books continuing on with the same topic and also practicing writing numbers 1, 2 and 3.

Mrs. Isaak's class already did their Sink/Float experiment of an apple, but Ms. Legere's classes will get to do this this week.

We will also go on a walk and collect leaves for our Leaf Art Projects. We look forward to seeing your child's unique creations.

We are also very excited to receive and read your "All About Us" pages that we sent out on Wednesday to continue our "All About Me" Social Studies Unit.

Wednesday this week will be Orange Shirt Day when we take some time to talk about and recognize the injustices done in the Residential Schools across Canada.

Children are invited to wear an orange shirt to show their respect for this day.

Afternoon students will attend school this Friday and they will get to paint their kindness rocks then.

Upcoming Dates:

Sept. 30: Orange Shirt Day

Oct. 2: PM Class attends 9:10-1:00PM

Oct. 9: **No School** (Non-Instructional Day)

Oct. 12: **No School** (Thanksgiving Day)

Topics to explore at home:

- Density
- Float/Sink
- Counting forwards and backwards
- Fall
- October
- Thanksgiving
- Leaf Projects
- Pumpkins
